Perfection Is Professionalism

By Aung Htun

"..... For each of the thirty designs in this book, I will tell you the paint and polish colors you will need. The application of each design is simple, but you will need to practice to get that professional look.

Each design should be neat, clean, and precise.

Your stems should be fine and your lines should be straight.

Too many nail artists do not pay enough attention to detail, but their clients certainly do!

PERFECTION IS PROFESSIONALISM---make this your goal...."
