Not bad for quick look at who Mussoilini was

By snwlprd

the book is what it is advertized as--a weekend read of benito mussoilini. The author does a nice job of giving the reader a big picture view of the times and reasons for mussoilini's rise to power. I recommend the

book to anyone who has never read any history of mussoilini--only heard of his death and being hung in the city square. It gives a nice reference point for conversations on WWII from Italy's perspective.

5 of 6 people found the following review helpful.

Solid introductory biography

By Anson Cassel Mills

Short, solid introductory biography written with craftsman-like prose, which places Mussolini in historical context and is especially good at noting the political and cultural boundaries that limited his "totalitarianism."

5 of 6 people found the following review helpful.

Amazing!

By Maak Meer, Kansas City, MO

How can such profound scholarship read like a novel. Best buy I've made in ages, and I buy much.
