Most helpful customer reviews

15 of 15 people found the following review helpful. Don't Buy Unless Required By ChristinaDownes Honestly, I bought this for an online class, and I haven't used it. If I were required to take it to class, or do problems from the actual text, then I'd use it, but most of the stuff is common sense, and easily found online. If you can get the loose leaf version, its affordable enough to buy as a reference, but you don't need the most recent edition. Its nearly identical to the previous edition.

2 of 2 people found the following review helpful.

WHY GET THE LOOSE LEAF WHEN YOU CAN HAVE THE ACTUAL BOOK. Link attached below. I'm selling the book
