About the Author

Gary Ferraro is an applied anthropologist who conducted research for extended periods of time in Kenya and Swaziland. He has served as a consultant/cross-cultural trainer for large organizations (USAID, the Peace Corps, the World Bank) and large international corporations such as IBM and G.E. Plastics. He currently works with businesses to help them cope with cultural differences at home and abroad.

Susan Andreatta is a past president of the Society for Applied Anthropology. Her theoretical background lies in political economy and political ecology as applied to the environment and health. As an applied anthropologist, Andreatta conducts field research in the areas of tourism, migration, resettlement, health and nutrition, sustainable farming and fishing, and the marketing of fresh local produce and seafood.

It's the exact same thing as the textbook, but with ctrl+F.

By Pete Commando

Just to alleviate any concerns about the digital version of this book, the Kindle version's formatting is just fine. It's literally the exact same thing as the text book. The only difference is the price.

The digital rental is the cheapest alternative I've been able to find for a book that typically hovers around the \$200 price tag. Pocket the \$170 and save it for your tuition. There are better uses for that kind of money than a class that probably for most is just some required elective.

Fellow students. My advice to you is keep the money unless you're absolutely certain you want the book... and even then. For a blood sacrifice like the normal asking price... I say go digital. At least you get the search tool as well.

I got this for my daughter for her college class ...

By grandma to Baby Mae

I got this for my daughter for her college class. It served it's purpose at less cost than a new book.
