Warning - although this novelette is entirely consensual, it contains sexual practices some readers may find offensive. It is a step-romance containing punishment and discipline, and group encounters. All characters are responsible adults, but please at your own risk. Most certainly 18+

"You've been a very, very, naughty girl, Georgia Catherine Tate."

Spoiled little rich girl, Georgia, has it all. Showered in gifts by a jet setter mother who's never home, her pretty little ass has received far too much kissing, and far too little spanking.

But that's all about to change...

Andrew Priestley may be saintly by name, but certainly not by nature. When marrying Cynthia Tate to a backdrop of sun, sea and sangria after a holiday romance, he wasn't aware that living with her petulant 20 year old daughter would drive him quite so close to insanity.

He'll teach Georgia some manners, and he'll teach her good.

Spare the rod and spoil the child, that's what Andrew Priestley believes. And after all... Daddy knows best.

Daddys little step

By Daria

oh them ever so naughty little step daughters and more than slightly tempted step dads. I wasn't so sure about this I think it was the genre... but after reading it, I was like yeah this so works (smiles). There is only so much repercussions a step dad is allowed to do, when a kid not your own blood acts out.

This "little princess" seems to be acting out on purpose...his purpose.. whats a daddy to do?

I really enjoyed the characters...I was concerned about the mom and the chilliness of her personality, but in the interm... there are quite a few moms in her situation who act just as she does.

Its a short and actually sweet read written by a new author, I'd love to read more from him in a longer book :) But this one sure it worked. Cant wait to see what he puts out next. Recommended and enjoyed.

Hot Taboo Read

By Brittany's Book Blog

Georgia Catherine Tate is a spoiled brat who does whatever she wants when she wants. Her mother doesn't give a hoot about her and that's the one thing that Georgia craves, is her mother's attention. But that doesn't deter Georgia from being a bad girl and the only attention she seems to be getting are from the boys.

Andrew Priestley has married Georgia's mother Cynthia. Although they had barely met, they jumped the gun and married right away. Although Cynthia is never home because she's constantly traveling for her job, it seems like Andrew and Georgia start spending way too much time together.

Georgia confesses to Andrew that she's had the hots for him ever since he landed at their doorstep with her mother. She has always wanted a father figure, but damn! She never expected to have a hot as hell for a stepfather. It seems like Georgia ain't the only one who has the hots for somebody around here! Andrew seems to have the hots for this little girl as well.

Things get heated up between them and it's just freaking HOT. The taboo stories I've been reading lately have been really hot and even though many people don't agree with it, it's real life people and it happens all the damn time. There's nothing wrong with reading about them either. I enjoy these stories and I honestly think they're pretty hot and kinky.

I thought this was a really fast paced book, if you like these types of stories, then this definitely will keep you busy for a few hours. I can't wait to read more from Vincent Drake.

Wow!!

By My Guilty Obsession Book Blog

Wow and just wow! That's how this book left me. First let me say that even though the title says "Daddy", it is a "step" book. It is about the taboo subject of a stepfather and stepdaughter. Second, it completely shocked me that this was a debut novella but not in a bad way, it made me wonder how this could be the first book written by Vincent? Vincent's writing allows you the ability to imagine or see all the scenes' come into play. The scenes' are smoking hot and I literally felt the temperature in the room rise when I was reading this book. What made me enjoy this book more than any of the others' I have read, is the story line - there's more than just discipline the stepfather is trying to enforce, there's an underlying emotional attraction between Andrew Priestley and Georgia Tate. And just when you think the book couldn't get any better, there's a twist and it made me #fangirl over this book and author even more. There is no cliffhanger and I would call it having an HEA. Although I loved this book and I highly recommend it to others, I will say, I felt the ending was slacking a little and felt there could have been more - maybe another 3 pages or even an epilogue. Most definitely can not wait to read more by Mr. Drake!

I received an ARC in return for my honest review/opinion
