Awesome book!! 10 Checkered Flags!!!!

By KindleKat64

Can't I give this more than 5 stars??

I do not like to give away too much about a book in a review because I think it is important to have the majority of a story be a surprise.

Make no mistake; Zander & Getty will positively knock your socks off!!! This book was so amazing! I did not think there was any way I could love Zander Donovan as much as I love my other favorite K. Bromberg men, Hawkin and Colton, but there it is..... I most definitely DO. I unabashedly adore everything about Zander and I don't think I ever stood a chance not to. And Getty, OMG she is perfect for Zander in every way imaginable. She is one of my favorite heroines EVER!

From the get go, this book will grab you, draw you in and continuously play with your emotions throughout. It is that good! The characters are all so well developed you will be invested in no time!

There are so many wonderful lines in this book and I will never forget them. It's a rare thing to come away from a romance and actually think, wow, that really was some incredible advice. I need to remember that.

So my takeaways from this phenomenal book that I would actually give as advice to my own children:

"Just jump!"

"Love. Love fiercely. Love purely....."

"Have patience. But not too much. When there's something you want, go after it. But if there's something worth your while you want bad enough, be patient."

" Convince her she's your water."

Thanks for reminding me of all these things Kristy!!

If you love the Driven series, you will love Zander's story. So sit back, put your feet up and enjoy the ride!!!

I have read this whole series and have not been disappointed yet! Praise for K. Bromberg's Driven series!!!!!!

Wanted to love it.....

By My Reviews are for items in-game sometimes

I have been looking forward to this book for so long. Driven Series the best I have ever read but all books after just have not done it for me. Too much inner dialogue and not enough interaction between the characters for me to have the "feels" like I did for Colton and Rylee. Not enough description of what Zander and Getty look like which is important to me but may not be for others. I was one that wanted a book for Zander because I fell in love with him as a scared little boy that had such an amazing story line in Driven series. Felt it could be so much better. Still have not finished the book where as the driven series I could not put down until the end. I am kind of glad this is the last in the series and ready to move on. Colton and Rylee will always be my favorite characters in a love story and I love K Bromberg as an author and person. This book just did not do it for me and I just think the Driven Series is hard to live up to.

I love Zander and Getty's story!

By Lexy H.

****5 stars****

I love the Driven series and knowing we finally get Zander's book was amazing. This poor beautiful broken boy, now man, captured my heart when you first met him and has continued ever since. K. Bromberg did an amazing job with his story and it was perfect for Zee, it captured him and all he's been through. It was honest and healed all wounds that needed to be healed.

Zander has always been one of my favorite boys. When you first meet him, he wasn't in a good place, he wouldn't speak until Colton showed up. His life wasn't easy in the beginning but because of Rylee and Colton, he was given a chance at life and a family. For twenty years he had a family who lived and wounds had started to heal until a box shows and turns his world upside down. Pushing his family away, losing his job and sponsors, he isn't welcome back until he can make amends and fully accept his family for all that they are, his family. He wasn't prepared for Getty along his journey, though.

Getty, is strong. I loved her character and all she's done to overcome the crappy cards she was dealt with. After starting her life over in a place she now she calls, she begins to find herself. Using art as her source of therapy, she has a life of her own, until she finds a strange man in her new home. Knowing all she had gone through and all she has overcome, I love that she lets Zander in. He helped heal her just like she helped heal him.

I love their story. I love their HEA. I love that you can feel the love Rylee and Colton have for Zander and even Getty at the end. The strength that these two have as individuals and the strength they have as a couple amazed me. I didn't want it to end, I wanted more and to keep experiencing life with them. I can't wait for others to fall in love with Zander and Getty, because what they have is real.
