ELENA'S EDUCATION PART 1: HOW ONE WOMAN UNDERSTOOD HER MAN'S NEED FOR CHASTITY AND BECAME HIS KEYHOLDER BY ELENA NEWTON PDF

Elena's Education Started out Pretty Innocently, at a Party Where Another Man Flirted with me in my Husband's Presence

I was a pretty normal woman, working and living in the Midwest, before I became a key-holder. That is, I thought I was pretty normal. Then, after one night when a guy flirted with me and kissed me in front of my husband, my husband began to develop an obsession with several fantasies that all seemed to involve me having sex with other men, but not with him.

These things made me hot, too, and I was willing to play along in fantasy.

That Started Things Happening – We Began to Fantasize and Play-Act

We play-acted some of his fantasies in bed for a while. He'd tell me something made him hot, and I would respond as best I could, and we got along pretty well until I finally realized that I could take control of things.

I Made Up Stories to Tease Him

I began to make up stories for Alex – I'd pretend like someone else was in bed with us and we couldn't move or we'd disturb him – only then I'd start pretending that the other guy was making love to me. I'd hold my husband's cock still while the mysterious stranger "had his way" with me. That drove him wild! And when I'd pretend to be too tired to have sex with my husband afterwards and made him masturbate to satisfy himself it seemed to drive him even wilder.

Then I Caught My Husband Looking at Cock Cage Porn on the Internet

That's when I decided to take things a little further, and things got a lot hotter. Two or three things came together to make that easier, and I just decided to go with it and see what happened.

Well! A lot of stuff did happen, and Elena's Education is about some of those things. Specifically, it's about the things that led to my husband putting on a chastity device (also known as "cock cage") and accepting me as his "key-holder."

And all the things I made my husband do and endure after that.

As my husband's key-holder, I have many opportunities to tease and deny my husband, and I have tried to use every trick in the book! It started with keeping him locked up and serving me for weeks at a time.

And it's gone on from there. He hardly knows what hit him.

Great intro

By Amazon Customer

This book is short, but leaves you wanting more while also giving you other sites to explore. The author isn't writing a novel, but succinctly describes the power exchange that happened with her husband. She makes it easier to accept and enjoy this kink for both partners.
