She was weakened by man, but strengthened by God. Liza was born in the late 50's as a Baptist in Southern Mississippi. She suffered mental abuse because of her light color skin. She learned to hate whites but later married a man who was white and Mormon, which fanned the flames of fire even more. Liza followed the ways of her subservient mother and grandmother, consequently led to her tolerance of mental abuse and disrespect, including porn addiction from her spouse (s). Never the less, God bares her up as she suffers the flames of cold fire.

Powerful and personal story of Jesus' faithfulness in the midst of overwhelming pain

By Abigail D. Kelly

History books as well as numerous biographies and even some classic fiction remind us of America's painful history of slavery and the long, bitter years after emancipation. This morning's headlines force us to admit that domestic violence and all forms of abuse run rampant behind closed doors. But in her book, *Flames of Cold Fire*, Ivoril Snow, confronts readers with the full emotional impact of these often concealed situations.

The story opens in first person on the day of Liza's birth in 1958. But very quickly, in order to give the reader full scope, her mother's voice takes over. Nora, an African American woman, outlines her courtship with Liza's father, a brash and unpredictable man. It's clear to the reader even before the wedding that the marriage will not be a pleasant one.

Nora continues the story. She tells of bearing 15 children to this man with a schizophrenic personality. She suffered the hurt of his infidelity, neglect and physical violence, determined not to leave her husband because she had been told, "Whatever your husband do, no matter how much it hurt, you always be a good wife and do good by your man. You should always wash, cook and clean and when he wants you to come to bed, you do it. The Bible says a man is the head of his house. Don't you talk about you gonna hold yourself back from him for any reason, a man has much right to his wife's body."

That quote from Nora's mother sets the tone for the whole story. Even when the narrative voice shifts to Liza, the theme of oppression and forced submission continues. Whether the subject is race relations and Liza's attempts at equality among her peers or discrimination against her as a woman, from all sides Liza faces the same challenge—she is never allowed to believe that she is valuable and loved.

But Jesus is unlike any other man. It is her faith in Jesus Christ and steadfast commitment to follow Him that finally sets Liza free from the cruel dominance of other people. At times, even her family refuses to associate with her, but clinging to God's promises she finds hope for restoration and a better future.

The fullness of Liza's story is difficult to read. It's hard to imagine that one woman could face so many trials and shoulder so much pain without giving up. *Flames of Cold Fire* will encourage many readers who find themselves in seemingly hopeless situations.

All I can say is WOW!!!

By Felicia D.

Ivoril Snow is definitely the one to watch. *Flames Of Cold fire* is deeply rooted in the rural south and exposes the ghosts of the past that still haunt society today. It is raw and unapologetic. Skillfully written and you will crave the next sentence like the air you breathe. I truly look forward to more from this amazing author. My only question is why didn't she grace us with this creative talent sooner? Keep them coming.

Amazing Reading

By Betty Baunchand

Flames of Cold Fire is one of the most inspiring books that I have read. It is an amazing book and it was hard to put it down. It tells the story of a spiritually strong young woman who had to endure extremely difficult challenges in her life. She is a perfect example of putting her trust in Heavenly Father when life gets hard, and being strengthened in her tests of life because of her unwavering faith.
