Who pays so much for a book? I do!

By Richie Jingles

This is a totally fantastic book! Don't be put off by the high price--- the sheets are not numbered so I counted and numbered them myself---148 pages of top quality cholo/prison style/hispanic gang/hardcore street vato style designs... all sizes, lots of great lettering (also highly recommended--Gentlemans guide to script lettering also by Boog--an invaluable reference). This a guaranteed moneymaker with the right clientele--- One shop I worked at had a bunch of these sheets in his racks and they did'nt sell at all... but we had an almost exclusively white suburban customer base. Now I have lots of Spanish guys, some real thugs, some fakes, and some suburban white boys who desperately want to be "down". They LOVE this stuff... I did several vato stle half sleeves that I drew, but being an old white ex biker, they were...inauthentic, would be the word. Think of it, you do two pieces out of this book and you've made your money back. Not only that, but the whole thing is an intense pleasure to just trip on and a beautiful addition to my extensive library of Tattoo and comic art books--- a pleasure to own and a real moneymaker, what more could you ask for?!?
