All I can say -- I was SO ANGRY while reading this book that I had to stop 3 different times before finishing it & the book is a really thin book.

The independent wife is basically an abused wife; she put up with a man who dominated & humiliated her with his overbearing Male Chauvanist Pig routine. He walked out on a marriage after she had a miscarriage, told that when she was woman enough to handle him, to call... yada yada yada. This woman brought herself up from the bootstraps only to encounter this JERK 7 years later as her boss.

Once he learned her identity, the stalking, harrassing, dominating behaviour began again. This time, she tried to run but he blocked her from leaving, got her fired from her job, confiscated her furniture & moved her into his apartment without so much as a 'by your leave'...

All I can say was -- what romance? I wanted to fight Rhydon (the husband)& beat him with a baseball bat. What a jerk? Who could love that?

Go read SON OF THE MORNING or KILL AND TELL -- don't waste your time with this one, please!

An Independent Wife by Linda Howard

The book itself is in fine condition, and I am pleased with the seller.

I received the book promptly, and it was packaged well.

This is one of Ms. Howard's early works, so it isn't great. However, it is a must if you collect her works. The story line is cute but predictable. It's a fast read - a good beach book.

Call me crazy but I loved this book

By K. Lininger

I have been a Linda Howard fan for years and when I read this book I know why. so ok the Rhy is controlling. But I like the strong alpha male in my book reading. What I read was the story of an insecure girl who married "the perfect" man for the wrong reasons. He leaves for reasons you discover in the story. But leaving was good because Sally finally comes into her own self worth. She gets off her butt and finally does something worth while. Now that she is where she wants to be she is now ready for the right love at the right time. Enter Rhy. He can't believe this spitefire is his wife and he falls in love all over again. He wants to put her in a plastic bubble and protect her. Okay, he's out of line but he learns and together they learn that love can conquer all.
