INTRODUCTION TO PARALEGAL STUDIES: A CRITICAL THINKING APPROACH, FIFTH EDITION (ASPEN COLLEGE)

BY KATHERINE CURRIER PDF

This comprehensive, intelligent overview covers all the key concepts addressed in a typical introduction to paralegal studies course and teaches students the basic skills necessary to understand statutes and court cases. The carefully organized, accessible text combines an introduction to law and legal concepts with practical information about what paralegals actually do in the legal system. A critical thinking approach introduces students to the study of law, encouraging them to interact with the materials through hypotheticals, examples, and well-designed questions. Introduction to Paralegal Studies: A Critical Thinking Approach is divided into four parts, reflecting the progression of an introductory course: Part I: Paralegals and the American Legal System; Part II: Substance of the Law; Part III: Legal Analysis and Research; Part IV: Paralegals and the Work World. Strong pedagogy includes ethics alerts, marginal definitions, Internet references, and legal reasoning exercises throughout the book. An excellent ancillary package is available to instructors, with a comprehensive Manual, in-depth test bank, and PowerPoint slides.

The Fifth Edition features new developments incorporated throughout the text. New web exercises as well as new and updated assignments bring the text up to the minute. The chapters on Statutory Law and Court Opinions have been edited for greater clarity and comprehension.

Great intro

By Princessa

Really liked reading this textbook way ahead for class, it's easy to understand and straightforward. Makes me think twice about reselling it.

Quality

By Anna Dillmann

I really like the content and formatting. Very helpful to me during my Intro to Law course at Post University. :)

Do not purchase the kindle version!

By Maddie Bishop

Was foolish enough to get the kindle version of the textbook. Poor layout, omitted some of the necessary case briefs for my law class that were in the printed text, and had an overall scattered information base. The search tool was useless, and the table of contents were maladjusted to the online setup. Will not be buying textbooks on any device in the future, and asking my professor to make the plain text mandatory.
