About the Author

USA Today Bestselling Author, Nana Malone's love of all things romance and adventure started with a tattered romantic suspense she borrowed from her cousin on a sultry summer afternoon in Ghana at a precocious thirteen. She's been in love with kick butt heroines ever since. With her overactive imagination, and channeling her inner Buffy, it was only a matter of time before she started creating her own characters. Waiting for her chance at a job as a ninja assassin, Nana, meantime works out her drama, passion and sass with fictional characters every bit as sassy and kick butt as she thinks she is. Nana is the author of four series. The Love Match Series includes sassy contemporary romances: *Game, Set, Match* and *Mismatch*. The In Stilettos Series includes ultra-sexy and fun multicultural romantic comedies, *Sexy in Stilettos*, *Sultry in Stilettos* and *Sassy in Stilettos*. The Protectors series includes dark and sexy superhero romances, *Betrayed* (A Reluctant Protector Prequel), *Reluctant Protector*, *Forsaken Protector*, and *Wounded Protector* (Coming June 2014.) The Chase Brothers Series includes sexy, Interracial New Adult Romances, *London Bound* (Coming April 2014) and *London Calling* (Expected release October 2014). She also writes sizzling erotic novellas as Q. Malone, *Corporate Affairs*, *Exposed*, and *The Flirtation*. The books in her series have been on multiple Amazon Kindle and Barnes & Noble bestseller lists as well as the iTunes Breakout Books list and most notably the USA Today Bestseller list. Until that ninja job comes through, you'll find Nana working hard on additional books for her series as well as other fun, sassy romances for characters that won't leave her alone. And if she's not working or hiding in the closet reading, she's acting out scenes for her husband, daughter and puppy in sunny San Diego.

5 Stars is not Enough

By KTLuvs2Read

Simply Irresistible!!! This book was a breathe of fresh air in a genre that has been filled with books that have been found lacking. I fell in love with the strength of the main character. It was clear at the beginning that this was not going to be just another party girl who shags a billionaire. This tale was so much more. It was inspiring to see Abbie pick herself up and make her own path. I also fell for Lex who was clearly a man that deserved a woman's undivided attention. I loved the first person description of England. It was obvious the writer spent time there because the descriptions were so very realistic. The use of the British slang was hilarious and I wanted to use it myself! I really enjoyed the realism of this book and I would recommend this to anyone looking for a wonderful story. I look forward to reading the next book that will include his brother. Most of all if you have read Nana Malone's previous works you will love this book. Her writing has grown into something wonderful and irresistible.

This book makes me want to go to London.. Be a photographer and meet an Alexi! :)

By Obsessed with romance

I have received an Advanced Copy by the author for an honest review. I have read several of this authors novels and I absolutely love her work. This one does not disappoint me! First off, Nana Malone has a writing style that flows throughout her books to make the story move smoothly. There's no point when you are thinking, wait, I am lost, did I miss a page? The events happen and she is descriptive to the point that you

feel like you are experiencing the new things with her characters. Her characters are realistic and you fall in love with everyone.

I say this to say that with this novel, you have Abena (Abbie) and Alexi as the main characters and their chemistry is hot like fire! What I love is the fact that Abbie is real, she has goals in life and she truly works to achieve them even when it seemed like no one was on her side. She comes from a family who has a "plan" for her and going to London to pursue further lessons from a world renowned photographer which will help her. So she leaves after an "eye splitting" moment and it made her realize it's time to LIVE. With the help of her best friends from college who live in London, she moves without a look back home. In comes Alexi.. OMG.. The older brother of her photography professor who is hot himself and professes the first day of class that he isn't sleeping with anyone and oh... He makes his students cry at least once.. Yikes.. The other thing is Alexi is a man of wealth and comes from a history that Abbie was not prepared for nor wanted to be apart of while trying to be under the radar.. But they are drawn to each other, one thing leads to another and here you go.. Alexi has secrets of his own but what I loved was that he tried to be honest as much as he could without overwhelming Abbie. Unfortunately, his a hole of a father had other plans.. Not to write a novel reviewing the novel but this is a great read. Looking for a good book where there is an actual story line, a plot that you can follow and some hot love scenes.. this is your book!!!! Well worth the price and I can not wait for the next book!

Love Surpasses All

By Word to Dreams aka Wonderwmn

I wasn't sure what to expect from this book. The cover really struck me though. What should be the look of passion or love is instead the blank stare of a woman but yet says so much about her personal wellbeing and still gives off emotions. The blurb allures you to the idea that there's so much more to the story and as I started reading, I was instantly confronted with the ex-boyfriends betrayals. Yes, not just one but a one, two and out the door he was sent. I instantly felt compassion and sympathy for Abbie and to have a connection like that, so soon, committed me to her throughout the book.

Held back by her parents and boyfriend, for years, always expecting to be what they wanted to mold her to be, Abbie breaks free of them and with courage of a lion she strikes out on her own path in life. How many people have you seen that are just downright unhappy because they followed the dreams they were told to follow? May that be with love, careers, family, etc. Abbie says enough and blows everyone away.

Abbie meets Alexi, aka Lex, and their love story blossoms. Alexi has his fair share of secrets he's keeping, but I felt that it was made out way more than it needed to be. It wasn't like he was a secret spy or anything, just business/family ties and some life choices that he was keeping mum about. And that isn't a spoiler, you learn about certain things from the start of the book. This mixed with the walls that Abbie has put up from her life experiences makes for a whirlwind of push and pull of emotions.

There are some violent moments, sexual situations and adult themes in this book, so I recommend it to readers 18+. For those that like a contemporary romance, cultural variations and a story that makes you think, you will enjoy this book.
