great funk beat book

By L. P. Valle

if your a casual novice drummer like myself and want to learn how to play funk, r&b and swing beats to add to your repertoire this is a great book to pick up. i took it in to a drum lesson with a teacher whose been playing for 40 years and he was so impressed we spent the entire time just practicing beats from this book. If you ever wanted to learn how to drum to James Brown or tower of power, this book is even more for you! it comes with a CD, too.

best drumbook for bassplayers

By vincent van trig

learn the original basslines to these beats,or just loop 'm and jam along.

there's no bassbook with that many great funklines.this also helps if you're lucky & meet a drummer that knows 'm all!

Essential

By JWH

Not only is this a wonderful tribute to Clyde Stubblefield, Jabo Starks, and all the other greasers who forever raised the stink bar for soulful drumming, but it's a terrific legacy for Jim Payne. Nobody who aspires to displacing a backbeat should be without it. Thanks Mr. Payne.
