Riveting African survival story

By Deborah

Memories of Violet: A True African Story is more of a short story. The events read like a novel, but are unbelievably true. Poignant, compelling, heartbreaking - it makes you want to read and know more. There is a deeper story, and knowing the author, I ask, "more?" This reads as an introduction to something much bigger. Write it and we will read it. (Well written with only one typo).

The mining villages that is the setting for this story have disappeared but many families share this heritage and would relish this glimpse and memories of days gone by.
