Pair of detectives hunted down a pair of serial killers. Rated 6/10.

I did not realize this was #5 in the NAPOLI series until I had completed the book, I don't think reading the other books first would have made any difference. This is a story of a brother-sister serial killer team, and the detectives trying to track them down. The story was okay, but I found the killers themselves to be very dry/boring -- which is sad considering they were siblings. I expected more, but did like the book. I have put NAPOLI #1 in my to-buy queue and will see how it rates later. It earns a 6/10 on my personal rating scale.

Last Night

Riveting, insightful look at how cases are solved. Seems more realistic than the shows depicted on tv. You get a real feel for the characters involved. Excellent choice for a relaxing dose of drama.
