Thorough and up-to-date resource!

By C. Winkler

This book is indispensable as a resource. It didn't quite dawn on me though until AFTER I sold my copy to another classmate after the course was finished. So here I am, buying another copy. The CD is the key to learning what's in the book. There are quizzes, practice tests, and flashcards to help assimilate the material. I will be referring back to this book as I continue my education as a pharmacy technician, and I won't be so quick to sell my books anymore!

GREAT

By HLS

Great rental price! Great book if you're getting into the pharmacy tech field. I got into a program and needed it for my class.
