Wonderful book but came with some small little tears on and around the spine. Nothing too bad, but it bothers me quite a bit.

Just as hilarious and adorable as volume one

By M. Su

Just as hilarious and adorable as volume one. First couple pages are in color again, and the pictures are still arranged 4-koma style.

In this book, we get to see more timelines (and the Homura bar), and we also get to experience some of them via other Homuras.

I suggest getting both volumes because it's freaking hilarious. If they ever make a volume 3 (and I sure hope I do) I hope Homucifer appears.
