This on-line [Sea Change \(Out Of The Box Book 7\) By Robert J. Crane](#) can be a referred book that you could delight in the remedy of life.

# SEA CHANGE (OUT OF THE BOX BOOK 7) BY ROBERT J. CRANE PDF

When Kat Forrest is nearly killed in Los Angeles by a man with powers and a mysterious grudge, Sienna Nealon doesn't think twice before coming to save the day. But as the threat grows nearer, old tensions between Sienna and Kat rise to the surface, and caught in the middle is Scott Byerly, a former flame of both of them. Will Sienna be able to put aside her grievances and save Kat from her attacker – and possibly herself – in time?

I really enjoyed this one

By Jo for A British Bookworm's Blog

When an author produces as many books as Mr Crane, an ongoing concern is whether or not he can keep the story fresh. I don't know why I worried.

This story seemed to me to have a different feel from Sienna. Less melancholy and insecure.

Added to that, frustrating characters who, quite frankly need at least one good shake or at the very least, a stern talking to, together with a worthy opponent and other such good stuff which I'm not going to talk about because, well, spoilers.

My one comment? Kat's change seemed very rapid. But then I guess metas are all about speed...

I have to say, I really enjoyed this one. The dilemma Sienna faces all the time – made me think. And I suspect that, despite the opportunities being offered to her, her problems may be about to get worse... and I can't wait to read all about it.

I received a copy in exchange for an honest review.

I love the character development for Kat especially

By Alexa the Bookworm

I have always been a big fan of Robert J Crane and this book does it again! Sienna develops more in this book and is changing all the time. I love the character development for Kat especially. SPOILER: She stops being a shallow ditz to an extent.

3 of 3 people found the following review helpful.

Enjoyable, but Not the Best of the Series

By Amazon Customer

There are a lot of these books now, and while the author's done an amazing job at generally keeping them fresh, interesting, and coherent, I feel that he slipped a bit on this one.

On the upside, Sienna's snark was superb in this book and I actually laughed out loud several times.

On the downside, while Sienna's a superb character, her psychological travails of trying to find the balance between human and inhuman, tough but caring, willing to kill when needed but knowing when to draw the line, etc. seemed kinda repetitive, both within this book and in conjunction with the rest of the series. I found some of the characters (e.g. "Guy Friday") simply cartoonish and undeveloped and it detracted from the flow for me. Kat Forrest is a major character in this book and she's utterly unlikable, though while I didn't like the unlikability, I did find the development of her character well done.

There were also a couple of things I found that were inconsistent and that was distracting as well (I'm not going to describe them because they'd be spoilers).

Ultimately, it's always good to read more about the girl out of the box, and overall I did enjoy the book and I'm looking forward to the next one.
