Review

This book had everything - suspense, mystery, and steamy romance. It kept me guessing through the entire book and just when I thought I knew what was happening with Jake, I was left stumped again. This thrilling book is a must read! - Amazon Reviewer / April 2014

I LOVE THIS BOOK SO MUCH!!!!

I hope that you can make some more books like this one.

Did I mention that I really love this book. - Trinity / Jan 2014

Oh my god I could not put this book down! I'm writing this review when I really should be sleeping! The book was fantastic and a ride from beginning to end!!!! - Stacey H / Dec 2013

This book was fantastic! First I think I know who the killer is then I'm blindsided that it wasn't the right person! I can't wait to read more books by Ms. Middleton! Keep 'me coming! - Mary Alverson / Oct 2014

I've read tangled beauty and now sharp edges just in two days and I loved both books! I love the sarcastic and writing style of K.L Middleton. Definitely now one of my favorite authors. Don't stop writing!! - Nikki / Sept 2014

From the Author

I'm an avid reader of romantic thrillers and anything else that makes you want to lock your doors at night, and crawl under the covers. I grew up enjoying a wildly diverse group of authors, including Nora Roberts, James Patterson, Danielle Steel, Dean Koontz, and V.C. Andrews. I now write contemporary romance under K.L. Middleton, but also write horror under Kristen Middleton.

About the Author

SHARP EDGES (A ROMANTIC THRILLER) BY K.L. MIDDLETON, CASSIE ALEXANDRA PDF

-Sharp Edges-

Lindsey Shepard thought she had everything until she catches her husband cheating. As she tries to come to grips with a broken marriage, Lindsey clashes with a psychotic cop, who begins terrorizing her. Frightened and alone, she turns to her sexy, new neighbor, Detective Jake Sharp, for assistance. Just when things begin to heat up between them, Lindsey learns that Sharp may be carrying some of his own dark secrets...

A story of deception, heartache, and murder- a mystery that will leave you guessing... until the very end. Due to sexual content and heavy subject matter, this book is recommended for ages 17+

Also included in this download - Tangled Beauty and Resisting The Biker!

Um, WHAT?!?

By Lelli

This book was so far fetched, I can't believe I actually finished it! Lindsay has what she believes to be the perfect marriage. Then, she catches her husband with two women, at the same time! The husband has the most ridiculous excuse as to why he is cheating, but apparently it's actually the truth since the author fails to explain the situation any further.

The dialogue is forced and unnatural. The characters's reactions to terrifying and tragic events is completely unbelievable, it's like every character is afflicted with a flat affect. Then, in the midst of these crazy events, Lindsay decides that now is the time to get it on with the hottie new neighbor. You don't feel like any character has any real emotions, except Jake, who is perpetually horny. The way he talks to Lindsay is not hot or sexy, it's just gross and inappropriate.

Skip it even though its only .99!

A good romantic suspense!

By RLB

I read this last night after reading another of the author's books (Tangled Beauty) earlier in the day and I was not disappointed.

This is a fairly quick read that really pulls you in. I've read some of the more negative reviews here and I have to say that I don't agree with them. Yes- some of the situations and reactions are a bit on the farfetched side- but we're reading fiction. If I wanted a completely realistic story I'd head over to the non-fiction side of the room.

The story is fast paced and full of suspense and a couple of twists thrown in here and there. The romantic aspect, I feel, is not over the top. It's there and there's a lot of heat between the two main characters, but there's no gratuitous displays of sex just to have them in there. The romance seems to flow with the story to me.

Overall it's 4 of 5. It definitely kept me on edge and had me wanting to flip to the end to find out some things at times! (I didn't! But I wanted to!) I highly recommend you read it!

Not enough time....

By Gii

This was an interesting story and appealed to me. When I started reading it however, there were some 'issues' I had trouble accepting. I will try not to spoil it for you, but here goes....

The perfect marriage that everyone including her, thinks she has is obviously just a sham. After she finds her husband in a compromising situation with not one, but two women, her idea of their perfect married life is like a chewed up piece of gum stuck to the bottom of her shoe! I found it really difficult to believe that Scott

didn't think he was doing anything wrong and that he expected Lindsay to forgive him, because he was 'doing it' for his family!

And the way he was constantly pushing at her...wanting to get back together with her like nothing ever happened. He didn't respect any of her wishes for him to back off!

She then strikes up a 'friendship' with the neighbour that soon turns to, well you can guess what. Jake the neighbour started to put pressure on her far too soon and before she was ready for anything more. Oh sure he said he would be patient and wait, but as the pages flowed, his limit for waiting for her was 5 minutes before putting pressure to having a more physical side to the relationship. She had said that she wasn't going to take Scott back, but they never really got together and talked, so the reader couldn't be convinced. Then Scott is murdered. Lindsay becomes the Prime suspect, which in cases like that are usual. Throw in a deranged killer fixated on Lindsay, bodies turning up, misunderstandings and you have a VERY convoluted, rushed story that doesn't even begin to scrape the surface of the essential characters.

I got the feeling that her kids always got shunted off to the first person whom offered. There also was minimal interaction with the kids and Jake since most of the book focused on Jake and Lindsay and their lust, oops sorry, love for one another. The only redeeming character was Lindsay's best friend Darcy! She was a hoot! Any person would be blessed to have a friend like her. She had me laughing at her antics and her take on the world.

There just didn't seem enough pacing. Everything was rushed. Don't even get me started on their honeymoon!

There were some twists and turns to the plot, but there was just the bare skim of information to explain when it would have better served the reader to be more in depth.

It was an OK, read. Do I recommend it? I guess, but I would have to warn you to suspend your belief a bit. Would I pay more than .99 cents for it? No.

This is a great story for a first published work. It needs a bit more polish. I do apologise to anyone reading my review if I have spoiled it for you!
