Unlock the riddle of speaking and interacting in Spanish

Spanish Demystified provides you with a solid foundation for building conversation skills in that language. You can go at your own pace as you are guided through the fundamentals of communicating in Spanish. Organized around everyday themes such as meeting people, making plans, and talking on the phone each chapter features an in-depth dialog presented both in the book and on the audio, coverage of essential communication skills (such as asking a question or making comparisons), review of key grammar points, and written and verbal activities to reinforce new communication skills.

Great Spanish Self Study

By Old Time Trader

By far the best self-study Spanish learning material I've come across. Very well organized. I have taken a few Spanish conversation courses which were of little use. I wish the teachers had just followed this book and I would have learned something.

Dont listen to this in the car

By Irene Amezcua

I bought it to be able to listen to it in the car. There are exercises that have you pause and write whatever they are saying down. A little misleading with the book.

Basic Spanish Instruction

By Shirley H. Brown

This book with CD's is as good as advertised. I'd had Spanish in elementary school virtually DECADES ago and wanted a "refresher" and this book fits the bill very well. It arrived on time, with the CDs and was exactly what I'd expected.
