It's a decent enough story

By Patrick

I was with this up until the end. The ending is a bit of a let down. The whole story builds up a conflict between Chun Li, her dad and Sagat. Which is a little strange since there's never been a Chun Li/Sagat conflict before. They also manage to throw in Dan's origin story. It's an ok side-story to their main comics but it's a bit weak. It's better than the Chun Li movie but not great either.
