The final thought is not just the book Sundae By Matt Wallace that you hunt for; it is just how you will get several publications to assist your skill and also capacity to have great performance.

SUNDAE BY MATT WALLACE PDF

For over a century Sundae has protected your children from the monsters in the darkness. He's a warrior, a crusader, and the only thing standing between innocence itself and the terrifying shapes of fear given form. He's also a small stuffed bear with a button in his ear.

Adventure and Courage

By JP Harvey

I purchased the Kindle version of the novella Sundae a while ago, and it recently came to the top of my list. I read it first sitting in an airport, and again almost immediately. Within a week I read it to my five year old son. Sundae is an amazing story. While parts were a bit heavy for my son, he understood the story and definitely identified with several of the characters, especially the protective bear named Sundae.

Sundae is the story of a bear--a stuffed animal--whose purpose is to protect children from the dangers that exist within the unseen world of the imagination. We follow Sundae from creation through his life, defending children and at times finding himself tucked away quietly in storage.

What I love most about this book is that it gives form to the shapeless and often nameless things that frighten children. Things known and "seen" are often much less scary than things unseen and therefore less understood. In the story we see the threats to the children with form and therefore we see Sundae's battles as a child would see them.

My son loved the story, as did I, and he still talks about it. He also had a small bear in his room he's now renamed "Sundae". The bear is never far away and he sleeps well.

If you're already familiar with Matt Wallace's other works and didn't realize he's written a children's story, don't look past Sundae. Even if you don't have kids, read this. I'm sure you'll enjoy it, it'll bring back some lost memories of childhood, and you just might know a child you can pass it to who would benefit from hearing this awesome story of adventure and courage.

Simple and amazing. I read this short story in twenty minutes ...

By Shawn Mansouri

Simple and amazing. I read this short story in twenty minutes and will remember it forever. I've heard this story advertised on a writing podcast I listen to and decided to purchase it as soon as I got paid. Trust me, 99 cents for a gem like this is robbery on the consumers part. I was reminded of so many stories I read as a child

and the relationship between Sundae and Silver brought tears to my eyes. BUY THIS STORY and be inspired and transported. Thank you Mr. Wallace.

Dreams, Imagination, and Hope!

By Jon Schiefer

I'm not normally a big fan of short stories, but Sundae blew me away! Based on the subject, a teddy bear, I'd like to categorize Sundae as a young adult short story. But, it's too profound. It's not just about a teddy bear any more than Animal Farm is about farm animals. In Sundae, Matt Wallace captures the innocence and purity of youth, not, I think for children, but for adults. He reminds us that dreaming, imagination, and hope are things we must maintain at nearly any cost.
