original classical music that even beginners can play!

By Mrs Anna Martin

This collection of pieces is great because there are easy to play pieces by Beethoven, Scarlatti etc. I like the Sonatina section best; they sound very accomplished when you play them but actually they are really easy. There are also some nice Etudes to use to practice basic techniques; these are lovely too. I didn't enjoy the first folk song section so much and I have no-one to play the duets with, but I intend to buy the book today!
