Born to Fly

China's wide-open skies were perfect... if you didn't mind typhoons, sand storms, blizzards, uncharted mountains and Japanese Zeros hunting you.

Billy McDonald of Birmingham, Alabama, had an adventurous and dangerous career as a pilot in the Golden Age of Flight, and into World War II.

He jumped from military cadet to wingman in Chennault's famed aerobatic flying group Three Men on a Flying Trapeze. In China, he moved from instructor for the Chinese Air Force to combat pilot flying Chennault's legendary Hawk 75 Special against the Japanese over Nanking in 1937. He began by ferrying world-famous passengers like Hemingway and high-value cargo like gold for the China National Aviation Corporation and then flew gasoline and gunpowder over The Hump (Himalayas) for Chennault's Flying Tigers and the Chinese Army.

Through it all, controversial and legendary aviator Claire Lee Chennault remained his mentor, often his boss and always his friend, indelibly shaping his life.

This is the story of a remarkable career, and a man who bore witness to some of the twentieth century's historic events and pivotal characters. Mac tells us the tale in his own words through newly-discovered photos, correspondence and manuscripts.

Billy McDonald in China with Clare Chennault

By Anne Wheeler

As a student of the AVG, CNAC, and CBI theater in WWII, this book was a good addition to my library. A lot of effort went in to creating this book which is based on the history of Billy McDonald. Most of the book was taken from Billy's letters and photographs when he was an Air Corps trainee/pilot, plus his years in China flying for Chennault and later for CNAC. I enjoyed this book, but it is like reading a scrap book, which made it more difficult for me to read. I recommend this book for those who enjoy reading about the China air war before and during WWII. Billy was a flight instructor for Chennault in China and not an active member of the Flying Tigers (AVG). Just keep that in mind as you consider this book.

Great Book !

By EC THUSTON

Great book about the "Flying Tigers" and the war in China. It is so interesting as it is compiled of actual letters and pictures sent home by Billy McDonald, wingman to Chennault. Superb reading for the history and war buff. Written by McDonald's children who did a vey complex job researching and putting all the pieces together. It's a real collectible.

Proud son

By Amazon Customer

I cannot put into words how touching this book has been for many people and myself especially. I am the son of the author William C. McDonald III and I watched my father spend over 6 years of his life crafting this tribute to his father. I knew very little about my grandfather before my dad started this project. It is amazing to see the life these men lived at an amazing time in history. My father has truly honored the legacy of a little known American hero and the heroes who lived with him. Thanks to everyone involved including my father, mother, and Barb Evenson.
