Worked perfectly.

I needed this book for my beginning composition class. Though this book is called the short ninth edition, it is exactly the same as the ninth edition, only it is a paperback.

Would entierly recommend this great book!

By Jarred

I needed this book for a class, but was appalled at the price of it. I didn't expect to use it after this quarter so a rental seemed as though it would do just fine. To my surprise even the rental prices were high. There did come a light at the end of my tunnel, and this would be it. I don't have a kindle, so I used the Windows 10 app (which worked perfectly). The writing can seem a bit boring and tedious at times, but it is definitely helpful.
